REMARKS

The specification has been amended to include a claim to priority. The specification has also been amended on pages 21, 22, and 23, as indicated above, to correct errors in the English translation. No new matter has been added.

Claims 1-27 are currently pending. Claims 5, 7-9, 11-15, and 17-26 have been amended for clarity and to eliminate multiple dependency, and thus for reasons unrelated to patentability. Support for the amended claims can be found throughout the specification, for example in the original claims. No new matter has been added.

Should there be any questions concerning this application, the Examiner is respectfully invited to contact the undersigned at the telephone number appearing below.

Respectfully submitted,
